April 7

Dear Harold,

I took the precaution of cutting out some Ray articles. I am enclosing 2 ? I will send anything else that I may come across. I am also enclosing a form letter sent to me by Clint Hough. I've found Hough to be concerned and honest but highly ~~[redacted]~~ irresponsible. I would write him for further information but am sure he'd forget to answer. You would probably have more luck, if you're interested. I received the notice of the April 3RD lecture on April 3RD. When I lived in New York, he was always late by weeks to return phone calls etc. Various projects planned by him as described in his Newsletters never seem to pan out. Nevertheless, he may have something
